for College
and Careers!*

21st Century / On Demand Program

Available to ALL K-12 students

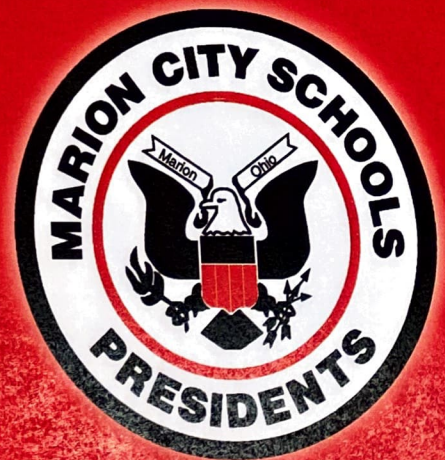

On Demand programming allows students...

and families to access academic tutoring, homework help, adaptive software, college and career exploration, positive youth development, and engaging family activity kits along with exclusive access to other community programming.

- Programming is available in person and online for two hours after school
- Space is limited
- No cost, free to families
- By invitation only
