PRESBYTERIAN PROGRAM HIGHLIGHTS

Monthly Skill Builders

NAVIGATE THE Grocery Store

FILL UP YOUR CART WITH HEALTHIER ALTERNATIVES BY SHOPPING THE PERIMETER:

PRODUCE
- Choose a variety of colorful fresh fruits and vegetables
- Look for produce that is in season for maximum flavor and value

BAKERY
- Look for ingredients that are whole grain/wheat and a label that shows higher fiber
- Avoid highly processed white flours

DELI/MEATS
- The best choices are typically fish (without breading) and lean meats
- Choose chicken without the skin
- Be careful of high sodium deli meats and meats with visual fat around/through the meat (marbling)

CANNED GOODS
- Watch out for high sodium levels – salt is often used as a preservative
- Canned items can be helpful for quick cooking, especially canned beans
- Look for no added salt or low sodium versions

DAIRY
- Incorporate low-fat or no-fat dairy items into your meal planning
- Watch sugar and calories in items such as yogurt
- If you are lactose intolerant, consider calcium-fortified soymilk or other alternatives

"HEALTH" FOODS
- The "health" food section contains a variety of items that can be incorporated in a health meal plan, but choose wisely
- Meal replacement bars and shakes can have the same amount of sugar and calories as a candy bar, so be careful how you include them in meals or snacks

FROZEN ITEMS
- Frozen fruits and vegetables can be a great way to get similar nutrients as the fresh version without being concerned with spoilage
- Add to meals to increase nutritional value
- Be careful of added sauces to vegetables, which can increase the fat and sodium content
- Some variety of frozen fruit also have added sugar, so be careful to read the label.

ARE YOU SHOPPING SMART?

Complete the checklist and turn in for your prize!

- ❑ **Look at sales and coupons**
- ❑ **Meal plan**
  - ❑ Focus on staples or items that can be reused in a different meal
  - ❑ Include packing lunches from home
- ❑ **Make a list (according to store layout)**
- ❑ **Shop the perimeter**
  - ❑ Only go down isles that contain items on the list
- ❑ **Buy only what you will eat**
  - ❑ Just because the larger quantity is cheaper by volume doesn't mean it's a better value, if you throw items away because it goes bad before you can eat it, that's throwing away money.
- ❑ **Buy produce that is in season**

Five a Day
A HEALTHY EATING CHALLENGE

The "**Five a Day**" Challenge invites participants to eat **5** or more servings of fruits and/or vegetables each day for a month. Fruits and vegetables are an important part of a healthy diet, and variety is as important as quantity. The higher the average daily intake of fruits and vegetables, the lower the chances of developing cardiovascular disease.

THE CHALLENGE:

- Employees must eat **5** or more servings of fruits/vegetables every day for a month.
- Try to eat at least 1 new fruit or vegetable each week.
- Keep track of the days that you eat **5** or more servings on the "**Five a Day Tracker**".
- Record on your "**Five a Day Tracker**" and return the tracker to your Wellness Ambassador.

The American Heart Association recommendations:

- **Vegetables – 5 servings/day** (1/2 cup - fresh, frozen, canned or dried)
- **Fruits – 4 servings/day** (1/2 cup or 1 medium whole fruit – fresh, frozen, canned or ¼ cup dried)

PRIZES!!!

Everyone who consumes **5** servings of fruits or veggies at least 50% of the days will have their names entered into a drawing for a prize.
