WELLNESS WEBINAR

Preventive Care:
Prevent medical problems before they become major

Getting preventive care reduces the risk for diseases, disabilities, and death — but for a variety of reasons, many people don't get the preventive care they need. For many, lack of awareness about recommended preventive services is a barrior to not getting the preventive care needed to live a healthy life. Join Lia Gainey in learning about preventive health screenings. Don't delay - early detection saves lives!

Tuesday, Sept. 13
3:30 - 4:30 p.m.
