

GPS BUS TRACKING (EDULOG)

Please take advantage of our GPS tracking system - EDULOG! To register your student, click on the following link

<https://edulog.jpsonline.org/livepp/par/showRegistrationForm.par>

Please note that you will need your child's name, address, date of birth, and District ID # to register. If you do not know your student's District ID #, you can email Transportation@jpsonline.org to request it. If your child is attending the ECC or El Puente, the building code that you would choose is "Kids 1st".

Upon registering your student, you will also have access to the most up-to-date pickup and drop-off times, locations and bus info. On any school day, EDULOG will allow you to see where your bus is and when the expected arrival time will be. This is especially helpful during winter months when buses may be running behind. You also will be able to use this program until your child graduates – meaning every year, you can login to review your student's busing information.

To login to EDULOG, click on the following link

<https://edulog.jpsonline.org/livepp/par/showLoginForm.par>

We recommend parents "Bookmark" the login page to their computers/phones/tablets for quick and easy access to EDULOG. DO NOT download the EDULOG App found in the app stores - this App is non-functional.

If you ever need to make changes to your student's busing (i.e. new morning pick-up location, no more busing, etc.) please fill out the online "Transportation/Change Request" form found on our Transportation homepage.

If you have any issues getting registered, please feel free to call us at 616-457-3740 or email us at Transportation@jpsonline.org.

*For families who are not able to use the internet to view their student's busing information - please feel free to call our office at 616-457-3740 and someone will be able to assist you.
