

Adult Career Center

DENTAL ASSISTING/RADIOGRAPHY

Overview of Program

This program prepares students for a chair-side position in a dental office. The course introduces dental anatomy, terminology, dental specialties, chair-side assisting, laboratory procedures, infection control, sterilization procedures, dental instruments, and mixing dental materials. The course also offers a 7-hour initial training course for Dental Assistant Radiographer. This is the first step to obtaining a Dental Assistant Radiographer's certificate in Ohio. A 24-hour unpaid internship is included in the program. BLS Healthcare provider CPR and First Aid and Safety included. Students must have the Hepatitis B vaccination series started prior to enrollment. This is a Career Development program that is approved by the Commission of the Council on Occupational Education (COE).
