

Adult Career Center

PRECISION MACHINE TECHNOLOGY

Overview of Program

This program starts you toward a rewarding career in metalworking with the employer-preferred National Institute for Metalworking Skills (NIMS) certification. Our course provides hands-on experience with lathe, milling, swiss machining, blueprint reading, shop math, CNC, CNC programming, 3D printing, tooling, measuring, safety (10-hour OSHA card), and metallurgy. Students will be prepared to work on precision equipment and to read precision measuring instruments and blueprints. This is a Career Development program that is approved by the Commission of the Council on Occupational Education (COE). This Program Is eligible for the Adult Diploma Program (ADP).
