5/27/2022 - Updates for the families of Paris City Schools

## Happy Friday, Paris Families!

**And happy Summer Break! We hope that everyone has a safe and fun Summer Break and we can't wait to see you next fall!**

## OVERVIEW:

- We're On the Air!
- Greyhound Greatness Award Winners
- Parties, Talent Shows, Kings Island, and College Signings, Oh My!
- Change is in the Air!
- Class of 2022 Spotlights
- Paris Cyber-Bullying Prevention - Week 5

## We're On the Air!

A talented team of PHS students worked together to produce a new #ParisPride commercial that will air tomorrow on LEX 18 at approximately 8:35 a.m. during The Today Show and again at 6:15 p.m. during the 6 o'clock News!

These students worked hard to brainstorm ideas, determine target markets, gather and create content, critique and edit their work and decide on a budget and plan of action!

Let's all support them by tuning in to watch!

Just in case you miss it, we'll be uploading it here tomorrow too.

Huge shoutout to our PHS student team: Kitty Berry, Kathryn Sturgeon, Camden Clark, Trinity Brooks, Tyler Gonzalez, Makala Falvey, and Marcius Garr! We're so excited!!

## Greyhound Greatness Award Winners

Congratulations to our Greyhound Greatness Award Winners PHS Teachers Amy Mason and Colleen White and students Jamie Cowan and Alex Cadle as well as PMS Student Sophia Patton!

All of these awesome Greyhounds were nominated for showing #GreyhoundGreatness and #ParisPride and making our school a better place to be. Congrats to all of our winners!

## Parties, Talent Shows, Kings Island, and College Signings, Oh My!

We've had so much fun at Paris Schools this week that it's hard to fit it into one place! Check out all of the pictures from the week over on our district SmugMug [HERE](#).

## Change is in the Air!

Beginning in the 2022-2023 school year,

Paris City Schools will no longer use the Summit Learning program.

We will move forward with all we have learned from our Summit Learning experience. The curriculum design around our math, social studies, English/language arts, and science units of study will focus on less computer screen time, more Project-based Learning, 21st Century skills, and instructional coherence around the Profile of a Paris Graduate: High Expectation for ALL students to Engage in Deeper Learning and Graduate Prepared for Success. Parents should look for additional information from your school before returning to school in August.

Please reach out to Superintendent Stephen McCauley and Assistant Superintendent Patrice Thompson with questions and input into reimagining school this fall.

# CYBER-BULLYING

What should we do when we see cyberbullying occur?

## RESPONDING TO THE CYBER-BULLYING

**You can stand up for the victim**

by telling others what they are doing or saying is hurtful.

- Do so in a neutral or positive way.
- Say that you do not agree with the bully.
- Use positive comments about the victim.
- Do not engage in arguments, commenting wars, or act aggressively.

**Talk to the victim**

This will let the victim know that someone cares about him/her.

- If you know the victim, call him/her.
- Ask if the victim knows or has seen what is going on.
- If the victim has not, tell her/him not to log on, check her phone etc.
- If the victim has seen or does know about the bullying, offer support or advice.

**Help save evidence**

To report cyber-bullying the victim will need evidence to show what happened.

- First, ask the victim if he/she wants help keeping copies or notes, texts, emails, etc.
- Offer to save all of the information for him/her so does not have to look at it.

**Encourage the victim to tell an adult**

It is always best to find an adult and tell them what happened. Remember, this is not tattling.

- Tell her/him that you really think the victim should tell an adult.
- Offer to go with her/him.
- Offer to do the talking if she/he feels uncomfortable.

**Remind the victim not to open it!** Anything the victim doesn't see cannot hurt
