RE: NOTIFICATION SYSTEM
DATE: JULY 27, 2022

The Union Local School District will utilize the Brightarrow All-Call Notification system to update students, staff, and families of situations that may arise prior, during, or after school. This may include incidents of inclement weather and other incidents as deemed necessary to report by the Union Local Administration. In addition to this, the district will utilize social media accounts of Twitter and Facebook, along with Television stations WTOV 9 and WTRF 7. If you have questions or are unable to receive all-call notifications, please contact your child's respective building.
