April 6, 2021

Dear Worcester Families,

This message is to update you on our recent COVID-19 cases. Since yesterday WCS has had two additional students test positive for COVID-19. The most recent case has again impacted our newly started athletics. As a result, we have suspended soccer practices and games at every level for the remainder of this week.

We continue to work with the New York State Department of Health, and their established guidelines to determine 'close contacts'. We have identified all individuals who may have had close contact in these most recent cases and who are required to quarantine. Any identified person has already been contacted by our administrators and the department of health will be following up with them as well.

We continue to daily monitor our ability to safely provide in-person learning and extra-curricular activities. If necessary, any change in our expected return to in-person learning on Monday, April 12<sup>th</sup> will be communicated as soon as possible.

I thank you again for your continued support and understanding as we experience a significant increase in COVID-19 cases within our school community. I wish you all continued good health and well-being during the remainder of our spring break.

Respectfully,

Tim Gonzales  
Superintendent
