April 12, 2021

Dear Worcester Families,

This message is to inform you that today, April 12, 2021, WCS learned that a student has tested positive for COVID-19. Working with the New York State and Otsego County Departments of Health, it has been determined that there was no possibility of exposure at the school.

As a general reminder, it is extremely important that you monitor your child for any COVID-19 symptoms and not allow them to attend school if symptoms are present. Symptoms as simple as a runny nose, slight sore throat and headaches have been present in recent positive COVID-19 test results. Thank you again for your continued support and doing your part to help our school community safe.

Respectfully,

Tim Gonzales  
Superintendent
