Community joins RMS students in remembering those killed on 9/11

On September 13, 2022 families and community members joined Rushville Middle School Students for their first 9/11 Memorial Showcase. Students spent the weeks leading up to the event creating projects honoring those killed 22 years ago in New York City, Washington DC, and Shanksville, PA. Visitors were able to walk through the hallways and view the memorial installation consisting of 2,977 names, informational one pagers, poetry, art projects, and staff interviews of where they were on 9/11. More than 300 friends and family attended the event.

Memorial to those killed in the WTC on 9/11.
Each slip has the name of one person killed.

Poems written by the 7th
Grade students

Fifth grade visuals of what
they learned about 9/11

Sixth grade haikus, using
artifacts from 9/11

RMS students prepared for Fairfield County Fair

The following students will be participating in the Fairfield County Fair next week. We wish them the best of luck.

Judgment

New staff joins RMS for the

2022-23 school year

Mrs. Murdock

Luke Sattler, Reagan Rowley, and Ava Wilkinson

Mrs. Murdock is an Intervention Specialist that started working at Fairfield Union this school year. She went to Hocking College for her associate's degree. Then, she went to Muskingum College for her teaching degree. She is certified to teach Kindergarten through 12th grade. She loves this job because of the kids, but the paperwork is the one drawback. She was athletic throughout high school playing basketball and volleyball for the Jacksontown teams even though she grew up in Kirkersville. She was a good student but wasn't at the top of the class. In high school, she went by Lace and she enjoyed the book, Unveiling Claudia. While she was navigating through school she also had jobs as a waitress and working at clothing and shoe stores.

Fun Facts about Mrs. Murdock - She has 3 dogs named Argo, Bianca, and Jessie, as well as 4 cats named, KJ, Fat Amy, Micky, and Orange Cat. One of her vices is vegging out and being lazy at home. She enjoys reading and riding motorcycles with her husband. She thinks Paris is beautiful and wants to go there. She also thinks pineapple doesn't belong on pizza.

Mrs. Dickson

Bryleigh Johnson and Dean Clark

Mrs. Dickson joined the RMS staff this year as the BRT aide that works with 7th and 8th graders. She grew up in Stockford, Ohio, and has worked with Fairfield Union before. As a teenager, she was a babysitter, and worked at a pizza shop.

Mrs. Dickson lives at her farm with her husband and her 2 step-kids. She has 3 horses and 5 dogs. Some of her hobbies include golfing, kayaking, socializing, fishing, and doing crafts. She loves working and interacting with students. She doesn't like when a student is having a bad day or being disrespectful.

Some fun facts about Mrs. Dickson: She would love to have the power of reading minds, and she doesn't believe in aliens. One of her favorite vacation spots is the mountains in Colorado. She would love to meet Ralph Lauren.
