The Principal's Message

Dear Seniors,

The years have gone by so quickly, and it has been an absolute pleasure to serve as your principal. Clearly, it has been quite a ride for all of you! How could anyone have predicted when you started your high school journey what your experience would bring. It is often said that adversity doesn't build character...it exposes it, and you have demonstrated so much character and leadership during your time at Fairfield Union! Your accomplishments as musicians, actors, athletes, community activists, school leaders, givers, and the list goes on and on, have set a standard that will be difficult to reach for future classes. If you think about it, literally ten of your sixteen quarters of high school were impacted by the pandemic. It has been amazing to watch you overcome the multitude of obstacles during this time and come out the other side as proud and polished graduates! You are definitely prepared for whatever your future holds for you.

I make it a point to remind our seniors every year to slow down at this point and enjoy every single day for the remainder of your time with us. Re-flect on the good times and the challenges, and take pleasure in the spoils of your success. This is your time, and you have earned this right of passage. It is a joy to be able to share the experience with all of you! You have been a tremendous class, and all of you will be vastly missed! Congratulations and best wishes on your many successes in your next adventure!

Good luck, and... Go Falcons!

Mr. McPhail, Principal
