- How parents can help their student at home

Parents will have the opportunity to get answers to questions they may have.

Please feel free to bring your child's school supplies with you!

The purpose of our Orientation is to develop open communication between school and home. Concerns about specific children should not be discussed at Orientation time (Teachers will gladly schedule a conference time with you to specifically discuss your child). Because of limited space in the classrooms, we ask that, if possible, your children not attend the Orientation.

Please come and be a part of this important evening.
