Dr. King Spotlight

Martin Luther King Day is observed every year on the third Monday of January — on January 16 this year. King was an influential civil rights leader — best known for his work on racial equality and ending racial segregation in the United States. His life and achievements are remembered and celebrated on this day.

Dr. P's Message

Hello everyone!

Hopefully you had a very relaxing and enjoyable winter break but it is time to get back to work. The school year is flying by. The next few months are very critical in securing grade level foundational skills. In our elementary program, Mr. Klipa and Mrs. Welsh are hard at work providing instruction as well as remediation and enrichment opportunities. Mrs. Meneely and Mrs. Baroffio are completing more one on one virtual tutoring sessions than can even fit in the day. At the secondary level, our cyber/building teachers are working hard to meet your child's virtual learning needs. Make sure your child takes advantage of the educational opportunities to improve their academic standing.

If you are considering cyber school, the beginning of the second semester, January 11, 2023, would be an excellent time to join. Let me know if you are interested or would like to learn more.

Just call or email:
