Dear families,

As we slide into the fall season, we are haunted by how fast we are approaching the end of the first nine weeks! It feels like we just started the school year with all of the friendly smiles, unique obstacles, new friends, and the typical ups and downs of a new school year as we all struggle to adjust to the schedule change.

At West Mifflin Area School District, we strongly encourage families to get involved in your child's education. Seize the moment to talk to your child about all of the different aspects of school. Whether your child is cyber or in-person, trying to talk to your child about school is always a good idea! (Even if they fight with you and say one word answers-dont quit or get frustrated!)

Students: it is time to buckle down and complete your work! Take out a book from the library, get involved in a winter sport or activity but always strive to keep busy with the positive things in life! Enjoy the fall season and make soemthing good happen for yourself and others!

Yours in education,
Dr. Brian P. Plichta
K-12 TCA Principal
