

# TCA SCOOP

TITAN CYBER ACADEMY'S MONTHLY NEWSLETTER

Congratulations to TCA student Gabe Simm, Grade 3! Based on his work and effort throughout this past month, he has been selected as “Student of the Month” for the month of October! To honor his achievement, the TCA teachers made a surprise visit to his house during the LIVE Titan News @9 on Halloween and presented him with the Student of the Month Award.

Great job Gabe, and keep up the great work!

## Halloween In-person Visits

The TCA K - 6 staff decided to surprise their students on Halloween by flipping the script! Instead of dressing up and going door-to-door to receive treats, the staff went door-to-door delivering treat bags to their students! The students were surprised and very excited by the special visitors from Mario World! Pictured with staff during one of the visits is grade 6 student Aubrey Urban who was also the winner of this year's TCA Pumpkin Decorating Contest!

## ELECTION DAY

**November 7, 2023**

**All K-12 West Mifflin Area students will be like us this day and learn remotely!**

## HAPPY THANKSGIVING

**Fall Break**

**November 23 - 27, 2023  
No School for WMASD**

**Titan Cyber Academy students, parents, and guardians of grades 3 – 8:**

**The TCA will begin a new program called “Titan Cyber NBA Math Hoops.” The program will allow students to learn mathematics skills through basketball statistics in a way that is fun and engaging! The students will use statistics from basketball player cards to compete against one another in simulated basketball games. The curriculum-based program promotes higher order science, technology, engineering and math skills (STEM). No prior knowledge of basketball is necessary!**

**The group will meet during live conferences in Schoology.**

**PARTICIPATION IN THIS PROGRAM IS NOT MANDATORY! This is only for students looking for a fun way to use Math!**

**If your child is interested in this opportunity, please email Mr. Klipa (klipaj@wmasd.org) by FRIDAY, NOVEMBER 10th.**
