Tuesday	
Packet: Day 2, Week 7	
Wednesday	
Packet: Day 3, Week 7	
Thursday	
Packet: Day 4, Week 7	
Friday	
Packet: Day 5, Week 7	

Video Descriptions:

Heggerty- This is our phonemic awareness curriculum. Your child did this every day at school. The activity typically takes 10 to 15 minutes to complete in a typical school day, but we have shortened the activity for virtual learning. Your child is familiar with these skills and will be able to follow along orally.

Writing- Journaling can be completed daily. Have your child draw a picture and write a sentence or two about their picture. Remind your child to use a capital letter at the beginning, finger spaces between words, and punctuation at the end. The video will be a mini lesson including writing instruction. Have your child watch and apply to their journaling.

Fundations- This is our phonics, spelling, and handwriting curriculum. Your child did this every day at school as well. These lessons will include handwriting, word building, spelling, and writing. Your child will be able to follow along orally. Your child will need their paper letter tile board and journal paper to complete some of these activities.

Math- Have your child follow along orally. Topics will include numbers and operations, algebraic concepts, geometry, and measurement. In addition, please have your child log on to Mathseeds for 20 minutes, twice a week.

Science- Have your child watch and follow along orally. Your child's teacher will post a science lesson, link to a video, or activity for your child to watch and maybe try at home.
