

# TROY ASD NEWSLETTER

*Congratulations* to our Troy Area Eagle Scout, Jason Wiker, a recent graduate of Troy High School. Jason completed his Eagle Scout project at the Historical Society by installing a flagpole with a box for discarding old flags. Jason plans to attend Penn State this fall. We want to congratulate Jason on this high achievement.

*Congratulations* to our Troy Area Eagle Scout, Gary Stiffler. Gary completed his Eagle Scout project by restoring an old original fire bell and placing it onto a mobile display. This mobile display can be used for various events and for educational opportunities. The fire bell can be viewed at the historical Society when not being utilized. We want to congratulate Gary on this high achievement.

## EAGLE SCOUT PROJECTS

*Congratulations* to our Troy Area Eagle Scout, Owen Williams, a senior at Troy High School completed his Eagle Scout project at the track and field by installing a flagpole with cement base. This project will greatly help out the Troy Area School District during track and field events. We want to congratulate Owen on this high achievement.

## Deep Cleaning

at the

Troy School District

*Jim Silvernail, T ASD custodian, is shown spraying the classroom with disinfectant. The District is preparing for the return of students with our new heavy duty Electrostatic sprayer to help prevent the spreading of germs. The District is pleased with the custodial department and all the hard work they are giving to keep students and staff safe and healthy.*

### **Attention All Parents & Guardians:**

**Did you know that even if you send your child to school with lunch that they can also receive fresh fruits, vegetables, and milk free of charge? Due to a recent USDA waiver that allows free meals for all students through 06/30/2021; students who bring their lunch from home can supplement their lunch with free, healthy options. This is a great opportunity to save time and money when packing lunches each morning. To qualify, students must select three of the five offered components, and one of those must be a fruit or vegetable.**
