

2021-2022 District Plan for Addressing Learning Loss and for Advancing Students

Present By:
Dr. Eric T. Stair
May 11, 2021

Mission

- ▶ Educational excellence is an investment in our future. As the leader of an educational partnership with the family and community, Troy Area School District will prepare all students with the skills essential to become responsible productive citizens and lifelong learners in a rapidly changing global society.

Beliefs

- ▶ We believe.....
- ▶ ... in learning as a lifelong process
- ▶ ... that all people can learn and be successful
- ▶ ... that people learn differently
- ▶ ... that early childhood education is fundamental to learning
- ▶ ... the primary focus of education is the student
- ▶ ... that creativity and problem-solving are an important part of the educational process
- ▶ ... that family is the strongest influence on the development of an individual

How are we addressing Learning Loss?

- ▶ New I-Ready Math Curriculum with tools for getting diagnostic results and learning path requirements for students
- ▶ Summer Programming K-12 to include two positive events for students during the program
- ▶ Instructional Coach to support us with data meetings and to help provide suggestions to improve student achievement
- ▶ Additional Title One Math teacher to provide additional math support
- ▶ SeeSaw & Canvas will be our new learning management system that supports our use of technology for students to achieve

How are we addressing Learning Loss?

- ▶ Utilizing Lincoln Learning K-12 to support our Team Troy Virtual Academy
- ▶ Adding additional supports to assist students with social emotional mental health needs
- ▶ New head-phones for each student to use during independent learning sessions
- ▶ Utilizing lesson recording equipment for teachers to record teaching lessons in case of remote learning instructional days

How are we addressing Learning Loss?

- ▶ Expanding Character Strong 7-12 to support social emotional learning needs
- ▶ Expanding PBIS K-6 to support positive reinforcement for students
- ▶ Supporting tutoring opportunities for students to grow and achieve
- ▶ Looking into *Why Try Resiliency Edge*- a program to support students with social emotional health needs
- ▶ Purchasing Read 180/Math180 program to help improve reading and math skills

How are we addressing Learning Loss?

- ▶ Purchasing more IPAD's K-12 to use for replacements when needed
- ▶ Buying more Hot Spots to support students that need internet access
- ▶ Installing additional charging stations for the IPAD's
- ▶ Looking into purchasing Logitech Crayons for students
- ▶ Replacing interactive smart boards that are outdated and worn out
- ▶ Incorporating an 8-period day at the HS to provide more course opportunities for students

How are we supporting advancing students?

- ▶ Increasing STEM opportunities at the HS and the Intermediate School
- ▶ The principals along with Mr. Schrader, Mrs. Caudill and Mr. Palmer are working on ways to use the C & N grant money to support STEM opportunities
- ▶ Incorporating Career Pathways at the HS in Business, STEM, & Health Science
- ▶ Working with Dave Morgan from Immaculata University regarding a \$35,000.00 dollar grant to support STEM in our district
- ▶ Looking into developing a partnership with Immaculata University regarding an Arts program to support us with providing more cultural assemblies for our students

How are we supporting advancing students?

- ▶ Supporting AP courses that will provide students with the opportunity to receive college credits
- ▶ Supporting partnerships with local universities for students to earn college credit
- ▶ Supporting partnerships with local businesses/organizations to provide job training experiences for our students
- ▶ Providing advanced online course opportunities for students
- ▶ Seeking and investigating the possibility of our students helping to complete parts of the concession stand at the track
- ▶ Looking at putting together a student committee that will meet with me quarterly to discuss ways to improve the district from a student perspective

Please reach out to me if you have any questions or ideas

- ▶ We are always looking for ways to provide improvements to meet all the learning needs of our students.
- ▶ If you have a suggestion, question or concern please reach out to me.
- ▶ Thanks for being a very supportive Trojan Family and concerned about what is best for our students.
