

# 2024 MARCH BALLOT ISSUE

PDY Schools is up for the renewal of the 5-year Substitute Levy

## An important point in our school:

### Opportunity to Expand Curricular Options

In the next 5 years, PDY is looking to hire an Elementary Art Teacher, expand Agricultural Education opportunities, and provide more career exploration opportunities for students in grades 5-12.

### #1 Rated Schools in Fulton County

This funding allows PDY to recruit and retain the best teachers in northwest Ohio! Direct instruction is the #1 factor for quality education.

### Points of Panther Pride

This levy goes toward PDY's operational expenses, which includes maintaining buildings, athletic facilities, and fine arts equipment and supplies to provide the best opportunities for our students.

### No Increase in Taxes, Room to Grow

This levy will not increase current taxpayers' contributions. This levy captures residential and industrial real estate that comes off tax abatements. The Substitute levy and Income Tax levies work together to allow growth for the district so the district does not come back for more money requests in the near future.
