

Physical Education at Home

Students and Parents,

I have set up google classrooms for each grade level. If you have internet access or you can download google classroom app on an ipad or smartphone please sign up for your grade level google classroom. I will post activities on each google classroom to help give you ideas of things that can be done while at home.

Thank You

Mr. Brisker

How to sign up for google classroom.

Sign into google. On the top right corner, right click on the waffle. Find the google classroom app that looks like a chalkboard with a person on it, right click. Follow the instructions. Then in the top right corner find the plus sign and right click. Enter the code for your child's grade found below.

If your child already has a google classroom account. Go to google classroom and right click on the plus sign in the top right corner. Enter the code for your child's grade found below.

Google Classroom Codes
