Admission Checklist

Step 1. Apply

☐ Submit an online application at www.cincinnatistate.edu/apply

Step 2. Request Official Documents

☐ High School Transcript or GED Test Scores

☐ College Transcripts (if college courses have been completed)

Official Documents may be sent directly from the school electronically or by mail. Students may order transcripts online through their school's website using Naviance, Parchment, or the National Student Clearinghouse for example, or the school may forward official documents via email to adm@cinnatistate.edu or mail to:

Cincinnati State Office of Admissions
3520 Central Parkway, Suite 001 ATLC
Cincinnati OH 45223-2690

For additional information regarding the admission process visit cincinnatistate.edu/admissions

Optional: Test Scores

Test scores are not required for Admission to the college; however, they can be useful for advising purposes. Therefore, we encourage students who have taken the ACT or SAT within the past two years to request that their scores be included on their high school transcript or sent from the testing service. Our school code for the ACT is 5570 and SAT is 1984.

Enrollment Checklist

Career Services

☐ Need help choosing a career direction? Cincinnati State offers a variety of tools and services both online and in person. Find out more at www.cincinnatistate.edu/career

  • Schedule to attend a Moving Beyond Undecided session at cincinnatistate.edu/visit where staff can assist you through the career and major selection process.

All programs are available at the Clifton campus except Aviation programs

Become a CState Student

Schedule an appointment to meet with a college representative online at **cincinnatistate.edu/visit** to learn more about our degrees and certificates, transfer agreements, admissions and financial aid.

Cincinnati State prepares you for life after graduation, whether it's starting a new career, learning a new skill, or earning your bachelor's degree. As Cincinnati's premier career college, we offer more than 130 degree and certificate programs as well as a highly interactive learning environment, with small class sizes and seasoned instructors.

We work with over 500 local and national co-op employers, including Kroger, Disney and P&G, to provide you with on-the-job training in addition to classroom learning. Experiential learning through co-op, internships or clinical rotations provide you with an advantage that will make you stand out in the job market and lead to employment offers after graduation.

Affordable tuition allows financial savings compared to most four-year public universities. Whether you plan to complete the first two years of your bachelor's degree at Cincinnati State, or go directly into the job market, you will learn more and go further while spending less. Our financial aid office will assist you with scholarships, completing the FAFSA for grants, loans and on campus work study opportunities.

Because we have formal **transfer** agreements with over 20 four-year institutions and credit that is accepted all over the country, you can save on tuition by completing the first two years of your bachelor's degree at Cincinnati State and then transfer. Our transfer partners offer special incentives such as transfer pathways, scholarships, and even admission to their honors program to qualified students. We also have partnerships with Wilmington and Mount St. Joseph University that allow you to earn your bachelor's degree onsite at the Clifton campus.

Check out Bakery Hill, Overlook Café, our fitness center, game room, as well as numerous clubs and organizations, where you can meet new friends, gain leadership experience, network with professionals and make a difference on campus as well as in the community.
