YOUR FUTURE STARTS HERE

Higher education is about more than receiving a diploma or certificate to hang on the wall. It’s about stepping forward and preparing for your future, whether that means beginning a career, getting a promotion, or starting something new. Cincinnati State helps students achieve their professional and educational goals by providing a nurturing learning environment. Plus, we have one of the lowest tuition rates around. If you are attending college for the first time, finishing a degree you started long ago, adding credentials to further your current career, or returning to college to pursue a new passion, our faculty and staff are here to help you.

SEE YOURSELF AT CINCINNATI STATE

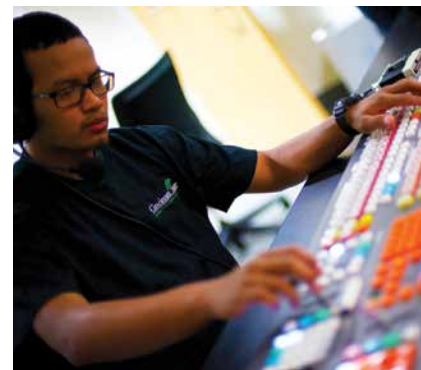

You have a big decision to make. Before you make it, we invite you to attend a college information session, take a tour, and meet current students, faculty and staff.

The minute you walk onto one of our campuses you'll notice the sense of pride that our students and faculty feel for their school. Be one of the approximately **8,300 students** each semester who get a smart start at Cincinnati State. Come visit!

College Information Session

It all starts with an info session, where you can learn more about admission, counseling, financial aid, scholarships, and more than 130 degree and certificate programs. We'd love to welcome you to our Clifton, Middletown, or Harrison campuses for an info session, or, attend an online info session from the comfort of your home at flexible times. Free parking and campus tour are included.

Get more details and schedule an appointment at www.cincinnati-state.edu/visit or call **(513) 861-7700**.

WE INVITE YOU!

If the Information Sessions don't fit your schedule, contact the Office of Admission to schedule an appointment:
adm@cincinnati-state.edu or
call **(513) 861-7700**

GREAT EDUCATION GREAT VALUE

Cincinnati State is dedicated to providing an excellent education at an entirely affordable price.

Tuition Rates

Estimated annual tuition and fees for a full-time in-state student (taking 15 credit hours for two semesters) is \$6,000. Certain technical programs have additional expenses.

For current information visit www.cincinnati-state.edu/tuitionandfees

Reciprocity

Thanks to tuition reciprocity agreements, students from eight counties in Northern Kentucky and 24 in Indiana are eligible to attend Cincinnati State at in-state rates for qualifying degree programs.

For more information visit www.cincinnati-state.edu/reciprocity

THE CO-OP ADVANTAGE

At Cincinnati State we believe that education is best when you can practice what you learned in the classroom.

We've developed one of the most comprehensive cooperative education (Co-op) programs in the country. Experiential learning through Co-op, internships, or clinicals provides students with an advantage that makes them stand out in the job market and helps students:

- gain hands-on training and skills
- apply classroom learning in a real work environment
- make connections with potential future employers
- earn extra money to offset the cost of education
- decide on a career direction

Cincinnati State partners with more than **500** corporate co-op employers and has **more than 1,000** co-op placements around the city and across the country annually.

Larger Co-op Employers include

- | | |
|---|--|
| • Abercrombie and Associates | • Education at Work |
| • Balluff, Inc. | • General Electric |
| • Bayer Becker | • Messer Construction |
| • Boys and Girls Club of Cincinnati | • Metcut Research |

OUTSTANDING ACADEMIC CAREER EDUCATION

Cincinnati State offers more than 130 degrees and certificates. So, whether you want a two-year degree, an easy transfer to a four-year University, or a short-term certificate to get you on the job quickly, Cincinnati State has a program for you! It all begins with a plan.

Phases of Career Development

Undecided?

What if you are TOTALLY undecided? Not just undecided on a major, but undecided about your direction? The Cincinnati State Career Center is here to support you before, during, and after you start. We also have tools you can access from the comfort of home. Go to www.cincinnati.state.edu/visit to attend a “Moving Beyond Undecided” event.

Career Services

Sometimes, it helps to talk to someone about your career dreams, our Career Center staff is happy to help you assess your skills, fit, and talent for specific careers. The Career Center will also assist with job opportunities as a student and after graduation.

Check out our webpage for events and to schedule individual appointments.
www.cincinnati.state.edu/careercenter

BACHELOR'S BOUND

Other students graduate with 20 years of debt. Our graduates are smarter than that!

Transfer Center: Start Here, Go Anywhere!

Many degree programs at Cincinnati State serve as stepping stones to a four-year program. You can start here, earn an associate's degree, and then transfer those credits to a four-year institution to finish a bachelor's or other higher degree program.

Our graduates have completed bachelor's degrees at public and private four-year colleges throughout the country including:

- | | | |
|----------------------------------|----------------------------------|--------------------------------------|
| • Bowling Green State University | • Ohio University | • University of South Carolina |
| • City University New York | • Ohio State University | • Washington State University |
| • Clark Atlanta University | • Thomas More College | • Western Governor's University Ohio |
| • Grand Canyon University | • Union Institute and University | • Wilmington College |
| • Indiana Wesleyan | • University of Central Florida | • Wright State University |
| • Miami University | • University of Cincinnati | • Xavier University |
| • Mount St. Joseph University | • University of Dayton | |
| • Northern Kentucky University | • University of Kentucky | |
| | • University of Louisville | |

The Transfer Center is the place to get information on making the transition from associate's degree studies at Cincinnati State to a bachelor's degree. Students can meet with representatives from area colleges and universities, get information about transfer events, and learn more about articulation agreements with our partner institutions.

Special College Incentives

UC Pathway Advising Center – Cincinnati State students can utilize this service, on the University of Cincinnati campus, to receive guidance on what courses are the best for their future major.

CState2NKU – This is a dual enrollment program for CState students intending to transfer to Northern Kentucky University. This provides a number of benefits such as guidance from NKU advisors, and access to student services at NKU. Cincinnati State graduates participating in the NKU Pathway are eligible for the Kentucky in-state tuition rate.

Connect with the Mount – This on-campus partnership provides access to Mount St. Joseph University student resources, stackable scholarship opportunities, and advising with seamless transfer from Cincinnati State's Early Childhood Education Associate's degree program to licensed and non-licensed education options.

Earn a Bachelor's Degree at Cincinnati State

In addition to Cincinnati State's Bachelor of Applied Science programs, you can earn your four-year degree at our Clifton campus with Mount St. Joseph University, Miami Regionals, and resident partner Wilmington College. Limited programs are available please check with the Transfer Center for more information.

OUR CAREER PATHWAYS

Choose a degree or certificate program from one of these career pathways, or chose an exploratory option within an interest area and choose your degree later. The important thing is to get started!

Bachelor Bound

Interested in a bachelor's degree? It all starts here with transferable credit.

Enroll in one of our transfer programs such as our Associate of Arts, Associate of Science, Pre-Business Administration, Pre-Engineering, and Pre-Nutrition Science. These programs are especially designed with a bachelor's degree in mind, so you can easily transfer your credit to a four-year institution. These degrees feature directed electives that allow you to build towards a wide range of bachelor's degrees.

Cincinnati State also offers our own bachelor's degrees in Culinary & Food Science and Land Surveying.

Business

As your community college, Cincinnati State offers specialized training programs to meet the employment needs of our region. Cincinnati needs people skilled in the areas of accounting, financial services, landscape and horticulture, marketing, management, office professionals, and paralegal. Each business degree and certificate program is designed in collaboration with an advisory board of professionals from Greater Cincinnati's leading companies. You will receive relevant industry experience from our highly qualified faculty and resume building experience through our cooperative education program.

Culinary

Within our Midwest Culinary Institute, you will find nationally-ranked culinary and pastry arts programs that give students the opportunity to pursue their passion for creative cooking and baking at the highest level. Our hospitality management program provides the business foundations to not only get a job in the hotel and restaurant industries, but also to become a successful manager. Brewing Science answers Cincinnati's call for brewmasters and managers for this emerging local industry. Our bachelor's degree in Culinary & Food Science will prepare you to analyze food and develop new products. Our graduates enjoy remarkable job placement success, many with leading restaurants, hotels, hospitality venues as well as food technologists across the country.

Computers

Information technology is one of the fastest growing industries in the country, and Cincinnati is no exception. Get hands-on training for information and technology related careers from computer hardware, computer support, and programming to network administration, cyber-security and management. Our faculty continue to work with our city's industry leaders and local businesses to prepare students for high-tech careers.

Education & Service

If you are interested in education and service fields, our Early Childhood Education program will prepare you for the Pre-Kindergarten Associate Teacher License offered by the Ohio Department of Education. The Interpreter Training program regularly interacts with members of the deaf community throughout the area, while preparing graduates to serve as skilled sign language interpreters in a variety of settings. The Human and Social Services program as well as certificates in Addiction Studies will introduce you to career possibilities related to social services and criminal justice.

Engineering

Technology has transformed the manufacturing industry, and today's job applicants need specialized education to meet emerging market demands. Cincinnati State's engineering technology programs have kept up with these needs. You can choose from such core disciplines as bioscience, chemical, civil, construction, electrical, and mechanical engineering technologies, as well as welding. You may also be interested in our Bachelor of Applied Science in Land Surveying.

Environment

Cincinnati State is a regional leader in preparing students for careers in environmental fields such as environmental engineering as well as sustainable agriculture and landscape horticulture. Partnerships with local agencies such as the Metropolitan Sewer District and Cincinnati Water Works help to make our programs in wastewater and stormwater management among the best in the area. Students in our Environmental Engineering Technology programs, and in our horticulture and landscape design programs, routinely compete successfully against peers from four-year colleges in regional events.

Health & Wellness

Cincinnati State is one of southwest Ohio's leaders in accredited allied healthcare education. Whether you're interested in direct patient care such as nursing, sonography, surgical technology, or occupational therapy or excited about a job involving healthcare technologies such as health information management or laboratory assistants, we have the program for you. We also have formal agreements with many other universities to help you transfer your applicable credits toward a bachelor's degree. Caring and dedicated faculty, and applied learning in and outside the classroom, contributes to our students' consistently high pass rate on national and state certification exams.

If fitness is your passion, our Exercise Science program has kept pace. We offer versatile personal trainer and group fitness instructor certification

programs that prepare students to pass national certification exams, and open doors for employment at health clubs, corporate fitness centers, aerobic studios, or recreation programs.

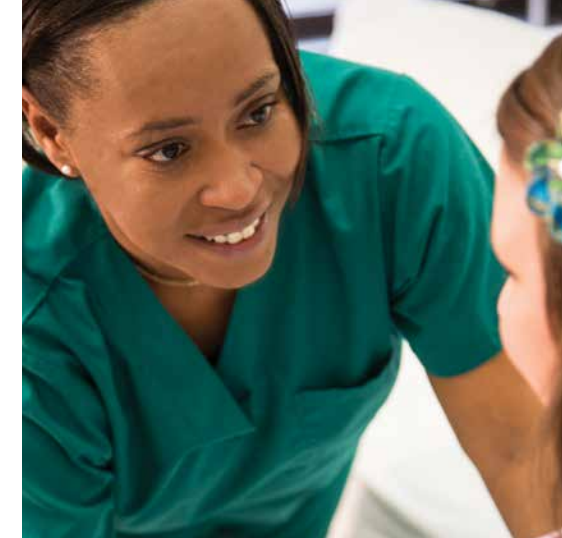

Enhance your degree with one of our many health and fitness certificates, such as Addiction Studies, Community Health Worker, Patient Care Assistant or even Group Fitness Instructor or Yoga Teacher Training.

Multimedia & Design

Our multimedia and design programs will prepare you to work in an exciting and growing field that combines creativity and technology, with degree and certificate programs such as graphic and web design or audio and video production. You will utilize the latest equipment, which includes our HD video studio and our state-of-the art audio recording studio. Every year students from our program compete successfully in regional design and video competitions against peers from four-year institutions.

Public Safety

If you are seeking a career to serve your community and work in a uniquely rewarding field, Cincinnati State offers a full range of public safety programs. Students will be prepared to enter the field as EMTs, paramedics, or firefighters. Our leadership programs help working professionals advance their careers.

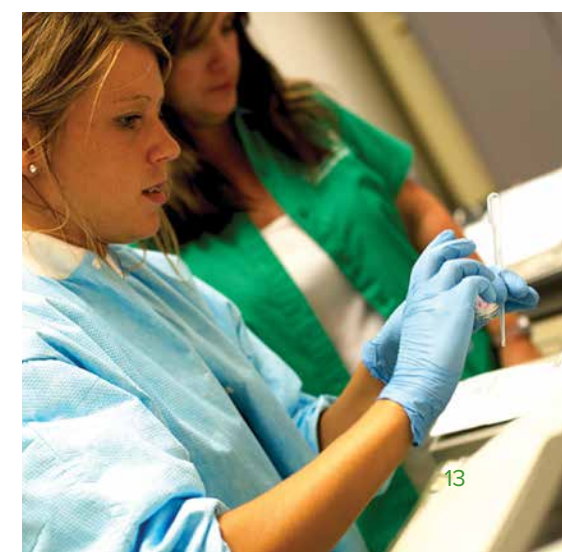

Transportation

While the need for good auto technicians hasn't changed, the technical knowledge required to be one has. CState's automotive service programs combine classroom training with hands-on lab work in and outside the classroom with our co-op program. Our degree and certificate programs give students the technical skills needed to earn professional certifications as well as important foundations in automotive service management.

We also prepare students for careers in aircraft maintenance with FAA-approved degree and certificate programs in aviation mechanics. Aviation-related programs are housed at our West Campus in Harrison.

Our degree and certificate programs in Supply Chain Management prepare students to oversee interconnected businesses by coordinating activities among suppliers, warehousing operations, shipping, and customers.

A SMART START ON COLLEGE AT CINCINNATI STATE

Earn college credit and high school credit at the same time!

COLLEGE CREDIT PLUS (CCP) TO DEGREE

Students enrolled in Cincinnati State's College Credit Plus program are getting a jump start on their degree while still in high school. In addition, they are eligible for many other benefits when they choose to stay and complete their associate's degree. These opportunities include:

- Scholarships
- Familiarity
- Small class sizes
- Degree audit and specialized advising for former CCP students
- Robust direct transfer agreements with more than 20 colleges and universities
- Tremendous cost savings compared to four-year institutions
- No need to submit a college transcript – we already have your official Cincinnati State transcript

IF YOU GOT A **JUMP START ON COLLEGE** WITH COLLEGE CREDIT PLUS OR WANT TO **JUMP INTO A CAREER** WITH A QUICK WDC CREDENTIAL.

WORKFORCE DEVELOPMENT CENTER

The Workforce Development Center (WDC) at Cincinnati State provides high-value short-term credentials and certificates. Developed through extensive collaboration with local business and industry, these programs are designed to enhance your current skills to become marketable in the workplace. WDC offers a variety of courses and program in several in-demand disciplines, including Industrial Maintenance, Health Technology, Advanced Manufacturing, Information Technology, HAZMAT Rescue and Safety, Logistics, Professional Development.

WDC courses are offered at Cincinnati State's Workforce Development Center located in Evendale. Most of the WDC programs are offered in person or online in an accelerated format to allow students to finish quickly and use their new skills in the workplace immediately.

WDC partners extensively with regional industries and organization to identify and develop new training to respond to workforce needs. As part of this effort, WDC also offers customized, hands-on training programs. Through WDC, students work to transform the region's workforce in preparation for the jobs of today and the careers of tomorrow.

CAMPUS LIFE

Honors Program

The Honors Program at Cincinnati State welcomes students who are looking for educational challenges, and who wish to go beyond the classroom to explore fresh ideas and new areas of interest. It is open to all degree-seeking students who meet the Honors Program.

www.cincinnati-state.edu/honors

Phi Theta Kappa

Phi Theta Kappa (PTK) is the International Honor Society for two-year colleges. Membership requires a 3.5 GPA and is by invitation from the college president. PTK promotes service and continued interest in academic excellence and provides opportunities for students to develop leadership skills and network with members at other colleges.

Student Government

Make a difference on campus and be a leader for the student body by joining Cincinnati State's Student Government. Student representatives help plan campus events and volunteer opportunities as well as serve as a liaison between the student population and the college administration.

Around Campus

The college experience is about more than just the classroom. You'll find no shortage of ways to enjoy student life at Cincinnati State, from student groups and campus festivals to top-notch dining and free recreational facilities.

Fitness Center

Cincinnati State's Fitness Center offers a full range of free weights, resistance training, and cardiovascular training equipment. Students may sign up for group fitness classes such as Spinning, Zumba, yoga, and Tai-Chi, to provide balance to their academic life. During the warmer months, checkout the full-size Frisbee golf course on the front lawn of our Clifton campus.

GETTING INVOLVED

Getting involved on campus is easy. With dozens of student clubs and organizations there are lots of ways to meet new friends, gain leadership experience, and make a difference on campus and in the community. Cincinnati State has active chapters of several national professional and service organizations that students can join to take advantage of professional development and networking opportunities in their field.

- Adult Learners on Campus
- American Society of Civil Engineers
- Auto Club
- Beekeeping Club
- Biology Club
- Black Male Initiative
- Cincinnati State Gamers
- Cincinnati State Historical Society
- Cincinnati State Women's Network
- Cincy4Christ
- Creative Writing Club
- Early Childhood Club
- Environmental Club
- Food Pantry Club
- Health and Fitness Club
- Honors Student Club
- Horticulture Club
- In The Zone
- International Student Association
- Interpreter Training Club
- Leadership Club
- MCI ACF Student Organization
- Nursing Student Organization
- President's Ambassadors
- Psychology Club
- Respiratory Care Club
- Society of Women Engineers
- Spanish Club
- Student OT Association (SOTA)

SUPPORT ON YOUR JOURNEY

Going to college can be challenging. Whether you're attending college for the first time, or finishing a degree you started long ago, Cincinnati State is dedicated to providing student support services to help every student succeed.

MYCSTATE

You will receive your user ID and password after submitting the online application and can use your MYCSTATE account to:

- Track your application
- Check the status of your financial aid
- Register for classes
- Pay tuition and fees

IT Help Desk

Support and assistance is available for college devices and technology at the Walk-Up Service Window, online, and by phone.

LEARNING CENTERS

Cincinnati State's learning centers offer one-on-one and small group academic assistance, online and in-person. Appointments and walk-in help are available for a variety of purposes:

- Enhance skills, understanding, and confidence for greater success in coursework
- Improve study skills, practice self-directed learning, and reduce test anxiety
- Support developing problem-solving skills

Tutoring Center

The Tutoring Center helps students build academic strength and confidence with individualized support in many subjects including accounting, computer skills, economics, science, and more at Clifton and Middletown campuses.

Writing Center

The Writing Center provides individualized support to students in any course that includes written assignments. Writing Center faculty are available for assistance with essays, lab reports, resumes, and cover letters. The Writing Center enables all students to achieve success by exploring ideas through writing.

Math Center

The Math Center provides one-on-one and group support to students from basic math all the way through calculus. Math Center faculty assist students in building foundations for success in all math and math-based courses, including statistics, quantitative reasoning, physics, and chemistry. The Math Center prepares students for success by helping students develop strong problem-solving skills and confidence.

Counseling Services

Licensed and professionally-trained counselors are available to perform counseling and referral services to address needs and facilitate mental health care for Cincinnati State students. All services and meetings are kept confidential.

Disability Services

The Office of Disability Services offers a variety of academic support services to qualified students with disabilities. These services include but are not limited to counseling, assistive technology and listening devices, Braille materials, in-class note takers, physical assistance, and sign language interpreting.

International Student Affairs

The Office of International Student Affairs helps students residing both outside and inside the U.S. navigate the process of applying to Cincinnati State as an international student, including guidance on visa issues, transcript translation, and cultural adjustment.

Veterans

The Office of Veteran Student Affairs assists veterans, eligible dependents, and reservists with their benefit eligibility counseling, claim filing, and referrals to other campus and community services. Veteran Student Affairs also monitors student degree plans.

APPLYING TO CINCINNATI STATE

Step 1. Apply

- ☐ Submit an online application at www.cincinnati-state.edu/apply

Step 2. Request Official Documents

- ☐ High School Transcript or GED Test Scores
- ☐ College Transcripts (if college courses have been completed)

Request all official documents to be sent to:

Cincinnati State Office of Admissions
3520 Central Parkway, Suite 001 ATLC
Cincinnati OH 45223-2690

For additional information regarding the admission process visit cincinnati-state.edu/admissions

Optional: Test Scores

Test scores are not required for admission to the college; however, they can be useful for advising purposes. Therefore, we encourage students who have taken the ACT or SAT within the past two years to request that their scores be included on their high school transcript or sent from the testing service. Our school code for the ACT is 5570 and SAT is 1984.

Important Dates:

FAFSA available:

Oct 1 for following Fall

Scholarship Application available:

Nov 1 for following Fall

Scholarship Deadline:

Feb 15 for following Fall

Admission Application Priority:

- Fall – July 1
- Spring – December 1
- Summer – April 1

ADVANCED STANDING & PRIOR LEARNING ASSESSMENT

There are a number of ways for applicants to obtain advanced academic standing in their program:

- Transferring course credits earned at another regionally accredited college or university.
- Submitting scores from Advanced Placement or international examinations taken in high school.
- Credit is awarded for College Level Examination Program (CLEP) specific scores and subjects.
- Testing out of certain courses through Cincinnati State's 'test out' procedures.
- Applying credit from applicable work experience, formal training programs or other certificates or licenses.
- Applying credit earned through local College Tech Prep agreements or a referral from a senior vocational teacher.
- Advanced Standing Credit is program specific and fees may apply.

IT ALL STARTS WITH AFFORDABLE TUITION AND CONTINUES WITH FINANCIAL AID

To help make an education at Cincinnati State even more affordable, our Financial Aid Office works closely with current and prospective students to help them learn about and apply for available scholarships, loans, grants, and work-study programs. For more information visit www.cincinnati-state.edu/financialaid

Scholarships – Scholarships are financial awards that do not require repayment. Awards can be based on need, academic achievement, or other criteria that reflect the values of the donor. Scholarships are available from Cincinnati State as well as outside programs. The annual deadline to apply for Cincinnati State scholarships is **February 15**.

Financial Aid – At the same time students apply to Cincinnati State, they may also apply for financial aid. In order to be eligible to receive financial aid, students must first submit a Free Application for Federal Student Aid (FAFSA) form, available online at www.fafsa.gov. www.studentaid.gov. Use Cincinnati State's **Title IV Code (010345)** when filling out your FAFSA so that Cincinnati State's Financial Aid Office receives your information as well.

Federal Work Study – The Federal Work-Study Program provides part-time jobs on campus for students with proven financial need, allowing them to earn money to help pay for educational expenses.

Grants – Grants are need-based financial aid awards offered by state or federal agencies that do not have to be repaid. Students who accept grants are usually required to meet certain academic standards.

Loans – Loans must be paid back to the lender over a period of time. Loan programs are sponsored by federal or state bodies or by private lenders.
