

TCA SCOOP

TITAN CYBER ACADEMY'S MONTHLY NEWSLETTER

Special thanks to all of those that attended our TCA Welcome Picnic this year! We had lunch, STEM competitions, a scavenger hunt, and an amazing time with families! Stay tuned for our next family engagement event!

MRS. WELSH ELEMENTARY GRADES K-3

Dear families,

On behalf of the TCA faculty and West Mifflin Area School District, I want to welcome everyone to the start of a new school year! We are very excited to begin the third year of TCA. Through feedback from families and staff, support of our school board and administration, we have built upon our success of the first two years and continue to improve the academic success of our students. Our elementary students are using the same Into Math and Wonders book series that our in-person students are using. Middle school students are being provided more live learning sessions. We have added numerous high school elective course offerings this year that are engaging and exciting to be a part of. We are striving to provide our students with more options to select courses that match their career interests and personal learning preferences. We have planned at least one family engagement experience each month and are looking forward to seeing our students beyond the computer in real-world interactive educational experiences. We are looking forward to a great school year!

Yours in education,
Dr. Brian P. Plichta
K-12 TCA Principal

Dates to Remember

September 4-No School Labor Day
